

PERSONAL DATA

Name: Andrey Misyura

Location: Russia, Murmansk

Mobile: +7 960 025 25 65

E-mail: amveng315@gmail.com

Telegram: <https://t.me/AMveng>

OBJECTIVE

Desired Position: Ruby on rails developer

SUMMARY OF QUALIFICATION

I'm working with Ruby on Rails framework since May 2020.

During this time I've released my project(<https://lineagetop.com/>) application for advertisement game servers with ability for users to vote and publish paid ads and banners. For admin users there is possibility to manage advertisements, servers, content on the pages, users, ability to see all payments and votes. Also this application provides access to API for server's owners by secret keys

My current stack of technologies is: Ruby, Rails, Postgres, Sidekiq, Redis, Docker, git, Rspec, Factory bot, Unicorn, Active admin, sidekiq-scheduler.

In my previous experience I was working as System Administrator 5 years

I have experience with setting up servers (Red Hat, Fedora) for computer club for network optimization.

I was administrating Russian Championship of cyber-sport of the city.

I have experience with writing bots for game industry
